## Providing Services

Our overseas business is expanding in three fields, Building construction, Civil engineering and Real estate development.

In the Building construction and Civil engineering business, we have been undertaking a number of projects such as International airport terminals, Bridges and Factories, mainly in Asia and the Middle East.

In the Real estate development business, we have set four countries as our priority countries, the United States, Vietnam, Taiwan, and Indonesia. In those countries, we are working on a variety of projects according to the market characteristics of each country and region. For instance, development projects for office, residence and serviced apartment, conversion projects for residence, acquisition of existing properties. In addition, we have established local subsidiaries for real estate development in the United states, Vietnam and Taiwan to promote our business localized. We are steadily promoting our business rooted in each country with our local employees and world wide network.

## Project Achievement / Technical Expertise

Here we would like to introduce some of our investment achievements in overseas business.

Taisei Square Hanoi is our flagship project in Vietnam. Investment, architectural design, construction and property management are entirely handled by TAISEI Group. The Project aims to offer local market a comfortable yet sustainable workplace of Japan-quality.

Location	Hanoi, Vietnam
Floor	B4F, 20F
Total floor area	45,000 m <sup>2</sup>
Building use	Office, Retail
Completion	2024

This project is redevelopment of an existing eight story office building in the center of Washington DC, being developed by a joint venture between Stonebridge, Rockefeller Group International, Mitsubishi Estate New York and TAISEI. The building will be completely redesigned and modernized with additional four stories to increase its value.

Location	Washington, DC, USA
Floor	12F
Total floor area	37,000 m <sup>2</sup>
Building use	Office, Retail
Completion	2025
